

## Sustainable Logistics 2014

**What:** A wide array of options for a more sustainable logistic in one day with cases from all Nordic countries

**Where:** Danish Transport Authority, Edvard Thomsens Vej 14, 2300 Copenhagen S, Denmark

**When:** 16th of January 2014, 10:00-17.30

### Inside view

- The conference is a one stop opportunity to both hear from the **unique cases in the Nordic countries** and to get an opportunity to **discuss your case with them**
- Get insight on **which solutions could work for you**, and how you can **earn more money on going green.**
- **See the new vehicles** up close and get to talk to the people who work with them every day

Earning money in the future is about earning money today and preparing for tomorrow – at Sustainable Logistics 2014 these ends will meet.

Get insights from presentations such as:

- **The GoGreen program – moving to greener logistics** by DHL (S)
- **What's in it from me – calculate your benefit from sustainable logistics;** by NTM (S)
- **What will sustainable logistics be in the future?;** by VTT (FI)
- **6 Case cases, where you get to talk with them about:**
  - How do you do it?
  - How is the economy?
  - What will you do next?

Let's make Nordic logistic sustainable – both for our economy and environment

Price: 50 €
